ATDEC

Infinite Mounting Possibilities

VESA	Suits 75x75mm & 100x100mm***		Supports display rotation
	Suits displays up to 20kg (44lbs)		125mm(4.92") of height adjustment
	Extensive user adjustment		Touch screen / POS support
	Optional dual screen support**		Enhanced security support

## POS desk mount | Height adjustable | Multi SD-POS-HA

This mounting solution is designed for POS applications, education and public space installations. It features a durable construction with a quality finish and enhanced security. While offering a high level of ergonomic and operational flexibility it can be configured to suit a variety of installation environments. Designed for a flat surface mounting, SD-POS-HA can be attached from above or below with concealed screws. Cabling is managed internally with the option to pass cables out at the base or through the desk. In addition to offering vertical and lateral rotation adjustment, the product allows for screen rotation and universal tilt/sway adjustment. A lockable quick-release mechanism provides for easy display maintenance while adjustable tension settings enable touch screen operation. An optional accessory kit provides for a dual screen back-to-back configuration to suit high density installations.

Product key features:

◈ Toughened construction with durable powder coat finish and polished appointments
◈ Quick Release head for easy display installation & maintenance with security screw to prevent unauthorized removal
◈ Designed for screens 12" or larger up to 20kg
◈ Enhanced security for public environment/ POS installation
  ◈ Concealed pole mounting hardware and cable style display locking support*
  ◈ Integrated cable management with multiple entry/exit points (monitor level, desk level and desk pass-through)
◈ Enhanced ergonomics with high user flexibility
  ◈ Adjustable height from 330mm to 455mm (13"-17.91") as measured from the centre of the display
